

Connector Program Overview

Powered by CC Affluent

"In the multitude of counsel, there is safety. In the strength of connection, there is success."

What Is The Connector Program?

The Connector Program is an elite, referral-based ecosystem within the **CC Affluent** network. It allows **vettted real estate professionals**—investors, agents, wholesalers, lenders, developers, and more—to profit from **intentional, high-value introductions and transactions**.

It's not just about what you know or who you know—it's about **who you're willing to connect**.

How It Works

Become a Vettted Connector or Professional

Join the CC Affluent community and get vetted to ensure you're aligned with our high standards of professionalism, integrity, and value-driven business.

Pay It Forward, Get It Back

Professionals pay a **referral fee** for every **closed deal or profitable connection** that comes through the program. This fuels the network, rewards connectors, and ensures only serious players participate.

 **Earn as a Connector**

Even if you're not actively working the deal, you can get **paid for simply making the right introduction**. If your connection results in a transaction—you earn. Period.

 **Access Affluent Connections**

Gain exclusive access to a powerful, curated community of real estate pros nationwide:

- Wholesalers
- Agents/Brokers
- Lenders
- Contractors
- Developers
- Investors
- Commercial & Residential Dealmakers

 **The Connector Code**

We keep it **tight, right, and vetted**. Every member of the Connector Program is verified for:

- **Professional experience**
- **Ethical business practices**
- **Responsiveness and results**

No fluff. No time-wasters. Only real people making real moves.

 **Benefits of Joining**

- ♦ **Passive Income Potential** – Create consistent cash flow from connections alone.
 - ♦ **Elevated Deal Flow** – Get access to trusted professionals and warm leads.
 - ♦ **Reputation Boost** – Be seen as a top-tier connector and rainmaker.
 - ♦ **Community Power** – Tap into the influence and support of the CC Affluent ecosystem.
-
